EDUCATION

Vellore Institute of Technology

B.Tech in Computer Science (Health Informatics) — CGPA: 8.50

2023 – 2027

Bhopal, India

Loyola School

12th Grade — 87%

2023

Jamshedpur, India

Loyola School

10th Grade — 90.2%

2021

Jamshedpur, India

TECHNICAL & SOFT SKILLS

Languages: C++, JavaScript, SQL

Frameworks & Libraries: React.js, Tailwind CSS, Redux Toolkit

Databases & APIs: MongoDB, REST APIs

Tools & Concepts: Git/GitHub, Vite, OOPS, DBMS, JWT Authentication

Soft Skills: Problem-Solving, Team Leadership, Effective Communication, Adaptability, Time Management

EXPERIENCE

Frontend Developer Intern

Dec 2025 – Jan 2026

Info Bharat Interns

Remote

- **GitHub:** github.com/tarpitak28/Teccho-Hotel-Booking-App | **Live:** teccho-hotel-booking-app.vercel.app
- Developed **Teccho Hotel Booking Web App**, a complete hotel booking platform with responsive UI and seamless booking workflow.
- Implemented room listings, booking and checkout flow, authentication system, and order history management.
- Built scalable state management using **Redux Toolkit** and structured routing with **React Router**.
- Designed responsive layouts using **Tailwind CSS** to ensure cross-device compatibility.
- Improved frontend architecture through reusable components and optimized state patterns.

PROJECTS

EduGuide – College Discovery & Predictor | React.js, Vite

2026

- **GitHub:** github.com/tarpitak28/EduGuide | **Live:** edu-guide-murex.vercel.app
- Engineered an educational single-page application featuring 8 interactive screens to streamline college discovery, comparison, and programmatic student workflows.
- Developed an intelligent admission predictor analyzing 60+ historical seat cutoff configurations across 5 admission categories and 3 exam pathways to calculate and tier admission probabilities.
- Architected a normalized database for 11 institutions and 31 academic programs, optimizing production build size to an 85.8 kB gzipped bundle through strategic module transformation and memoization.

PodStream – Podcast Streaming Platform | React.js, Tailwind CSS, Vite

2026

- **GitHub:** github.com/tarpitak28/PodStream
- Developed a responsive podcast streaming Single Page Application using **React 18**, **Vite**, and **Tailwind CSS**, featuring dynamic multi-attribute search, category filtering, and route-protected navigation.
- Engineered a persistent global audio streaming engine using the **HTML5 Audio API**, **React useRef**, and **Context API**, enabling uninterrupted playback, timeline seeking, and volume control.
- Architected centralized state management and a Creator Dashboard supporting complete **CRUD operations** for podcasts and episodes, with client-side session hydration via **localStorage**.

CERTIFICATIONS

Microsoft Certified: Azure Data Fundamentals (DP-900)

EXTRA-CURRICULAR & LEADERSHIP EXPERIENCE

Linpak Club

Sep 2024 – March 2026

Social Media Lead

VIT Bhopal

- Managed the club's digital presence and promotional strategies, substantially increasing online engagement and community reach.
- Coordinated with core technical teams to advertise events, maximizing student outreach and participation.

Notion VIT Bhopal

Feb 2024 – Dec 2025

Social Media Team Co-Lead

VIT Bhopal

- Directed social media campaigns for technical workshops, successfully boosting event visibility and attendee registrations.
- Streamlined digital communication and marketing workflows to maintain consistent community engagement.
